### Honorary Members and Fellows

(with dates and places of all annual general meetings)

*The Association and College awarded Honorary Memberships (Association) and Honorary Fellowships (College). The first four Honorary Members were elected at the First Annual General Meeting in 1841. Those elected then and at subsequent AGMs had their names recorded in the (handwritten) minutes of the meetings (1841–1853). After 1854, with the regular production of the Journal, the election of all new Members and Honorary members were recorded each year at the Annual General Meeting. Unfortunately the names of some of these very early Honorary Members were not recorded in the later printed lists and some were elected a second time. The date and place of all Annual General Meetings are given with (after 1854) the volume and page number of the reports of the AGMs. Those who are recorded in the Dictionary of National Biography 2005 have this noted after their name (for example: William Tuke, DNB<sup>1</sup> 55(535–536).*

## **ROYAL COLLEGE OF PSYCHIATRISTS**

Under the new Charter the College was entitled to elect five Honorary Fellows annually. The 'Supplements' became 'News and Notes'.

18-19/11/1971      News & Notes June 1973 3-12      LONDON

No Honorary Fellows were reported to have been elected at this meeting. The following Annual General Meeting took place in July 1973. However in News and Notes January 1973 there was a list of all Honorary Fellows. From this it was possible to deduce that eight Honorary Fellows had been elected in 1972. The minutes of the Court of Electors (5/6/1972) confirmed their election that year.
