

Adding to your driver diagram

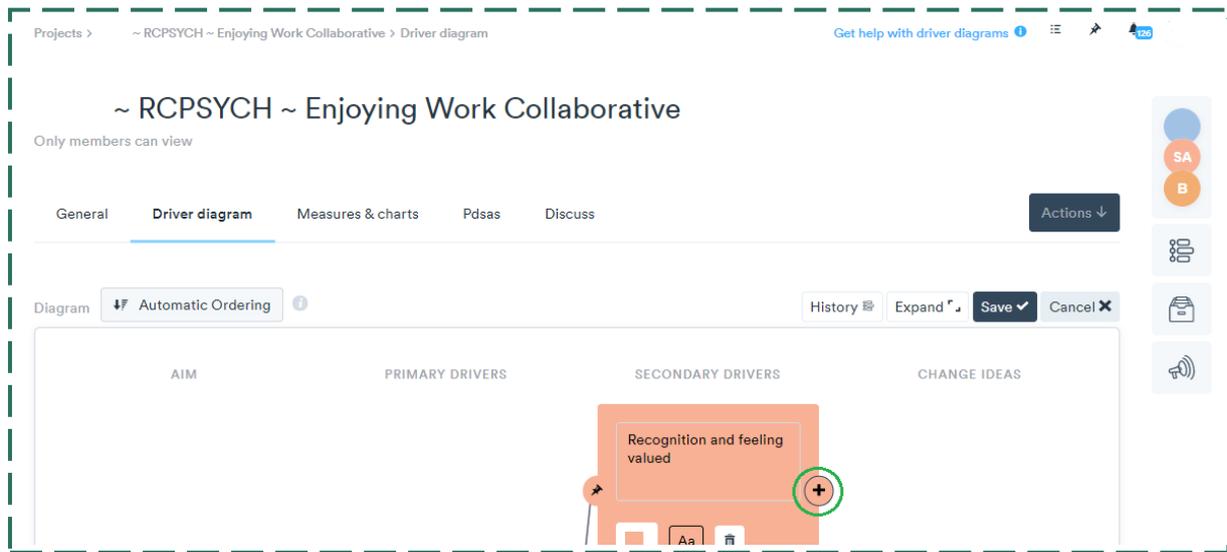

1. On your project home page, click the 'driver diagram' tab.

The screenshot shows the project home page for '~ RCPSYCH ~ Enjoying Work Collaborative'. The 'Driver diagram' tab is highlighted with a green circle. The page includes a navigation bar with 'General', 'Driver diagram', 'Measures & charts', 'Pdsas', and 'Discuss'. Below the navigation bar, there are five cards: 'Change score' (0.5), 'Project team' (SA, B), 'Driver diagram' (with an 'Add' button), 'Measures' (3 Measures, 3 Charts), and 'Pdsas' (with an 'Add' button). A right-hand sidebar contains user avatars (SA, B) and various utility icons.

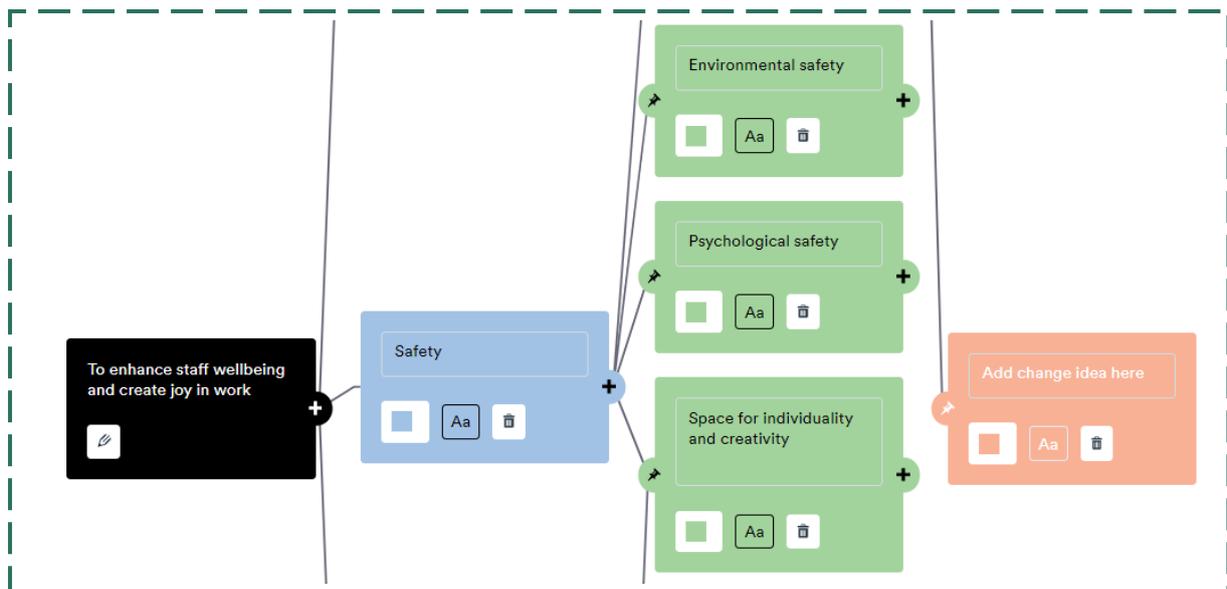

2. Your driver diagram will then be shown on the page. At the top right of the driver diagram, click 'edit'.

The screenshot shows the 'Driver diagram' page. The 'Driver diagram' tab is selected. The diagram is titled 'Diagram' and includes a dropdown for 'Automatic Ordering'. The diagram is divided into four columns: 'AIM', 'PRIMARY DRIVERS', 'SECONDARY DRIVERS', and 'CHANGE IDEAS'. Under 'SECONDARY DRIVERS', there are two orange boxes: 'Recognition and feeling valued' and 'Focus on wellbeing'. At the top right of the diagram area, there are buttons for 'History', 'Expand', and 'Edit', with the 'Edit' button highlighted by a green circle. A right-hand sidebar is also visible.

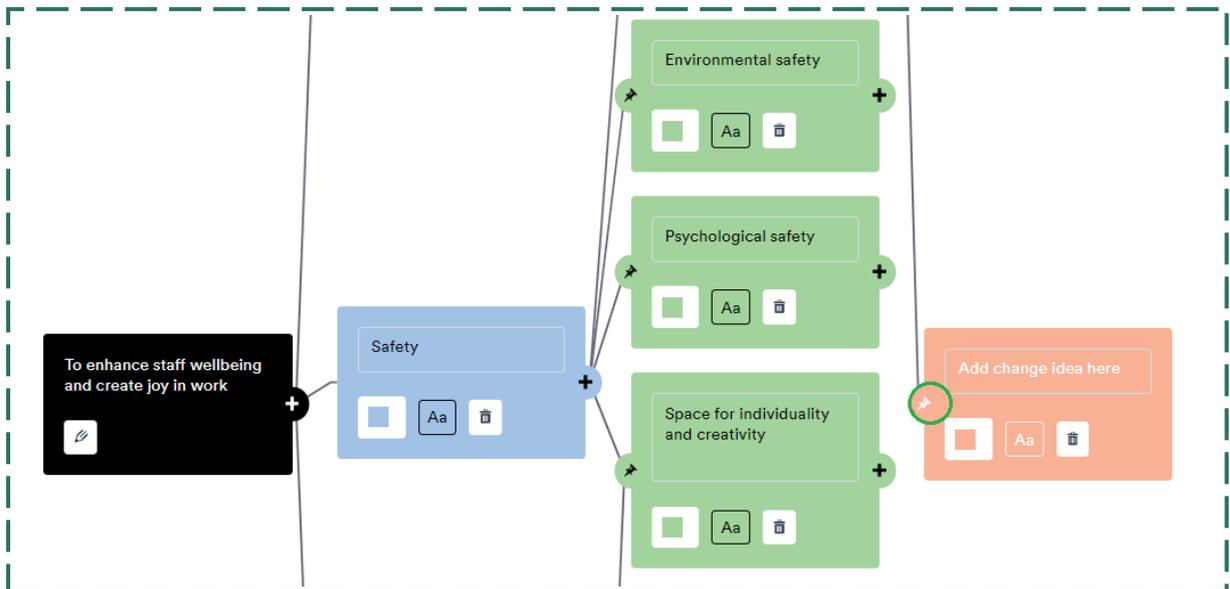

- Plus signs will now appear next to each secondary driver. Click the + on the secondary driver you would like to add a change idea to.

- Insert the title of your change idea.

5. If you would like to link the change idea to more than one secondary driver, click the pin on the change idea and the pin on the additional secondary driver you wish to link it to. If this change idea relates to only one secondary driver, continue straight to step 6.

6. Scroll back to the top of the page and click 'save'.

The screenshot shows a web interface for a driver diagram. At the top, the breadcrumb "Projects > ~ RCPSYCH ~ Enjoying Work Collaborative > Driver diagram" is visible. Below this, the title "~ RCPSYCH ~ Enjoying Work Collaborative" is displayed, followed by the text "Only members can view". A navigation bar includes "General", "Driver diagram" (which is selected), "Measures & charts", "Pdsas", and "Discuss". On the right side, there are user avatars for "SA" and "B", and a list of icons. Below the navigation bar, there are controls for "Diagram" (with "Automatic Ordering" selected), "History", "Expand", "Save" (highlighted with a green circle), and "Cancel". The main diagram area is divided into four columns: "AIM", "PRIMARY DRIVERS", "SECONDARY DRIVERS", and "CHANGE IDEAS". In the "CHANGE IDEAS" column, an orange box labeled "Recognition and feeling valued" is shown with a pin icon on its left side. The "Save" button is highlighted with a green circle.
