

Adding a PDSA cycle to LifeQI

Please note that you can only enter PDSA cycles for change ideas that are in your driver diagram.

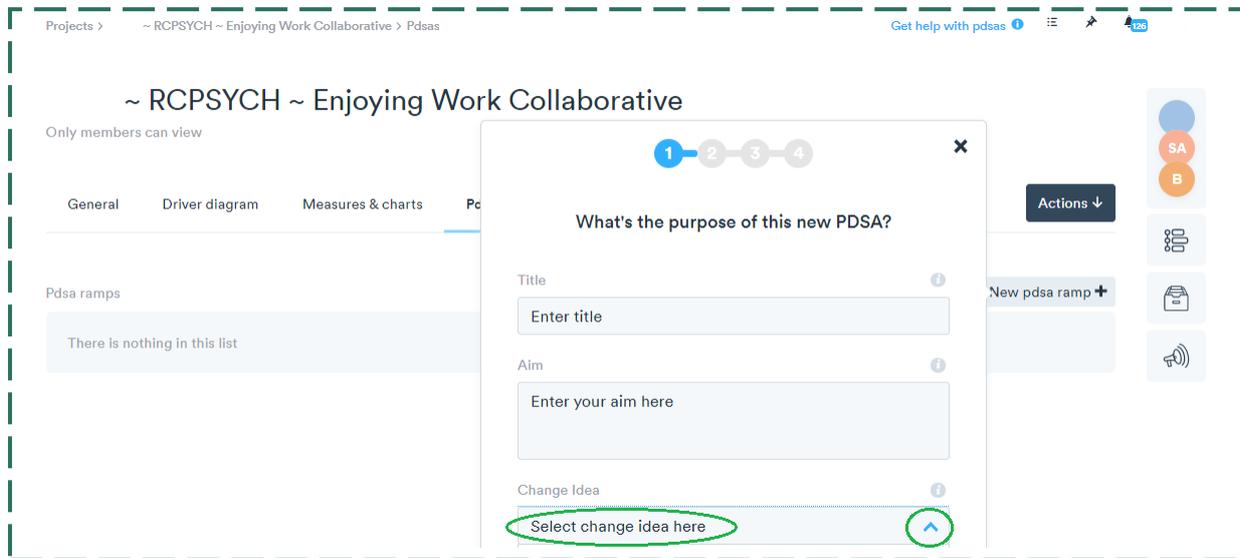

1. On your project home page, click the 'PDSA' tab.

The screenshot shows the project home page for '~ RCPSYCH ~ Enjoying Work Collaborative'. The 'Pdsas' tab is highlighted with a green circle. The dashboard includes a 'Change score' widget with a value of 0.5, a 'Project team' widget with members SA and B, a 'Driver diagram' widget with an 'Add' button, a 'Measures' widget showing 3 measures, and a 'Pdsas' widget showing 3 charts with an 'Add' button. The 'Actions' dropdown menu is visible on the right.

2. Click 'new PDSA ramp'.

The screenshot shows the 'Pdsas' page for '~ RCPSYCH ~ Enjoying Work Collaborative'. The 'New pdsa ramp +' button is highlighted with a green circle. The page displays a list of Pdsa ramps with the message 'There is nothing in this list'. The 'Actions' dropdown menu is visible on the right.

3. Enter details of your PDSA including a title and the aim of your change idea. Click the arrow under 'change ideas' and a list of your change ideas will appear (taken from your driver diagram). Select the change idea this PDSA relates to.

4. Complete prompts shown on screens 2, 3 and 4.
